### Headlights Will Remind Others

### To "Buckle Up"

"Operation CARE," the holiday weekend traffic safety program, will again be in effect this upcoming Labor Day weekend and the Michigan State Police are requesting the assistance of Michigan's motorists to insure safe holiday travel. Col. Gerald L. Hough, department director, reported.

In an extra effort to encourage highway safety, Hough said the State Police are requesting that all motorists wear their safety belts and travel with their headlights on during the daylight hours of the holiday weekend to remind others to buckle up. Law enforcement officers throughout the state are also being asked to display their headlights.

In accordance with Governor James Blanchard's executive order, the Michigan Army National Guard will also assist. See "Buckle Up" on Page 6

### First Travelogue of Series September 15

The first travelogue of the 11th Annual Travel and Adventure Series sponsored by the Crawford AuSable School District will be presented in the Grayling High School Auditorium on Thursday, September 15. Appearing alive and in person for that performance will be Mr. Jim Forshee, a favorite of Grayling audiences presenting his latest film "The Golden State of California".

Season tickets for this year's series are now available and may be purchased from the Community School Office. Ticket information has been mailed to past season ticket holders. Anyone who did not receive one of those mailings and would like to order tickets may have the information sent to them by calling 348-7641 or 348-9266. Season tickets for this year's series are \$14.00 for adults and \$9.00 for students and senior citizens. Each season pass is good for six admissions which may be used by the owner any way which they see fit.

### Jerry Lewis M/D Telethon

The Jerry Lewis Muscular Dystrophy Telethon will be held again Sept. 4 & 5 in the Pine Rooms at the Holiday Inn, starting at 8:00 p.m., Sunday evening.

There will be a fish bowl awaiting your contributions and several telephone operators awaiting your calls. The Extra Special person kits will be available in the Pine Room.

Shirley Mowrey the pledge center coordinator urges all Crawford County residents to call or drop in with their pledges to help make this an even better year than last.

### Firemen To Help Jerry's Kids

The Grayling Fire Department will be at the Mall and on Michigan Avenue on September 2 and 3 collecting for Jerry's Kids (M.D.A.).

### Hanson Park To Hold Turkey Shoot Sunday

The first annual Hanson Park Labor Day Turkey Shoot will be held on Sunday, September 4 at Hanson Park. The event promises to be a fun event for every member of our community and especially exciting for the local residents who enjoy hunting and shooting. Many events have been planned which will provide fun and entertainment to every member of the family. There will be no admission charge to the park the day of the shoot and spectators are more than welcome.

Included in the line up of events will be a running deer target, a dynamite shoot, a pistol range, black powder events, archery events and shotgun events. There will also be archery events and a B-B gun event for the children. A chicken Bar-B-Que will be held at Noon with the public cordially invited to attend.

### Range Firing Conducted

Range firing will be conducted at Camp Grayling during the period 31 Aug - 3 Sept and 6 Sept 1983.

Firing will be in the following area on the dates and times as indicated.

The Range 40 Complex located north of County Road 612, east of Guthrie Lake, south of Old State Road 618 and west of County Road F97 (Twin Bridge Rd). Firing will begin at 9:00 a.m. (daily) and cease at 5:00 p.m. (daily).

The range will be closed to the public during this period and all persons are warned to keep out of the area identified.

## Airport Switch To New Authority 6-8 Weeks Away

by Jon Thompson

A change in control of Grayling McNamara Airport operation from Crawford County to a new Transportation Authority may still be six to eight weeks away, said Bob Chappel, chairman of the authority.

The transition has the county and the transportation authority's hands tied in making decisions about current airport problems. The airport has been closed the last five weekends and is running about \$20,000 in the red for 1983.

Several persons are interested in contracting to operate the airport, and they say they can save the county or transportation authority money while improving services.

John Haller said at the county commissioners' meeting last Thursday the county could have saved an estimated \$33,000 last year with a contract similar to one he was proposing. He said expenses at the airport were \$48,523 for 1982 under the current arrangement while a private contract would

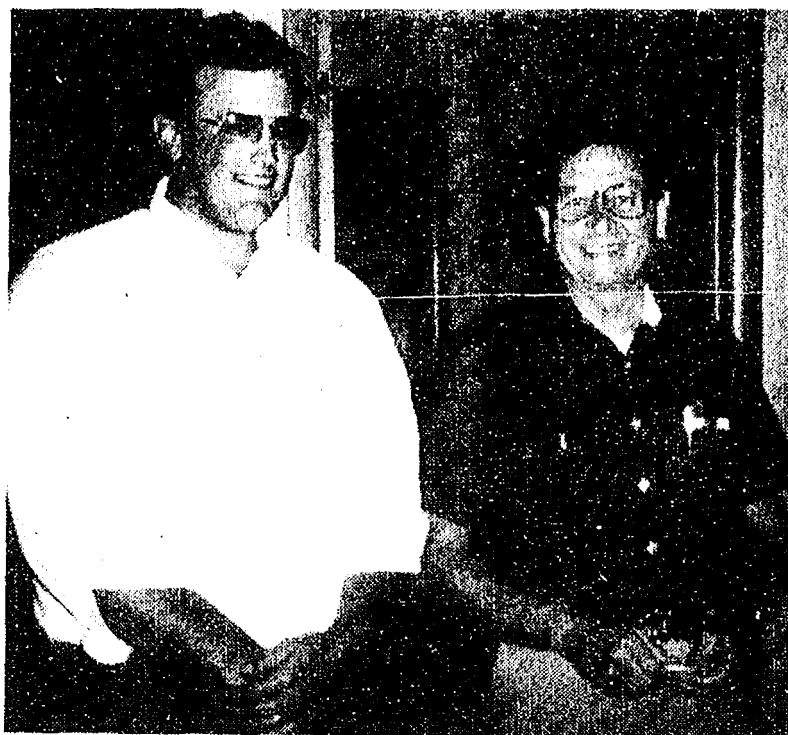

have cost a fixed rate of \$10,000 to the operator and approximately \$4,000 in expenses such as snow plowing and grass mowing.

Other benefits under a private contract he said would be the county not having to pay overtime, F.I.C.A. and M.E.S.C. costs, workman's compensation, or retirement. Plus the airport would be open seven days a week and service could be obtained 24 hours a day.

The commissioners listened to Haller's proposal but didn't want to make a long-range decision with a switch in power due soon.

Commissioners did approve retaining a previously laid-off airport employee up to six weeks longer to fill in for an assistant manager who resigned. A motion to hire Haller as temporary assistant manager was tabled after he said he did not want the position.

The five-member Transportation Authority of Chappel, Joe Meredith, Howard Guyette, Joe Wakeley, and Jerry Morford has planned a special meeting to try to speed the transition of control of the airport.

NEW OPTOMETRIST—Dr. James Seals, left, will be joining Dr. Ralph Hoffman in his practice of optometry in Grayling.

## Optometrist Joins Hoffman Practice

Dr. Ralph Hoffman announced the association of Dr. James Seals in his practice of optometry at 904 Michigan Ave. in Grayling.

Dr. Seals, a 1983 graduate of Ferris State College of Optometry and a 1979 graduate of Albion College, began work here last Thursday. Seals, a native of Ashley, Mich., will be residing in the Grayling-Roscommon area

with his wife, Sandy, and two-year-old son, Wade.

Seals will be practicing general optometry with a special interest in contact lenses, children's vision, and vision training. Office hours will be increased to include all day Saturday and Thursday from 11 a.m. to 8 p.m. in addition to the regular Monday, Tuesday, Wednesday, and Friday hours.

## Heavy Traffic Requires Motorist Caution

"By following a few simple rules, drivers in Crawford County can drastically reduce automobile accidents which result in injury and death during the long Labor Day weekend," Sheriff White said today.

"The Labor Day weekend produces one of the highest traffic volumes of the year - and one of the highest accident rates as a result," Sheriff White warned, "but Crawford County drivers See "Holiday" on Page 6

## Classrooms Open Sept. 7, Middle School Vote Nears

by Jon Thompson

Classes at all four schools in the Crawford AuSable School District and classes in the Gerrish-Higgins School District will begin Wednesday, Sept. 7.

The Crawford AuSable School District covers the City of Grayling, Frederic, Lovells, Maple Forest, and Grayling Townships as well as half of Beaver Creek Township. Gerrish-Higgins School District covers all of South Branch Township and half of Beaver Creek.

A pull-out information sheet on the Crawford AuSable School District is available inside.

Along with the opening of classrooms, another important date draws near for the Crawford AuSable District - a millage proposal Sept. 12 to replace a 67-year-old middle school.

The proposal asks voters for 2.95 mills spread over 20 years to build a 64,000-sq.-ft. middle school attached to the high school. Architects estimate an attached building sharing the wood shop, art room, drafting room, auditorium, home economics rooms, and band and vocal rooms will cost half a million dollars less than a separate structure.

The proposed middle school will contain 15 classrooms, two science labs, one science room, one language lab, two reading rooms,

one computer room, two special education rooms, one art classroom, one shop room, a library, cafeteria, counseling and administrative office, bathrooms, and a gym.

The proposal also includes a bus loading area to further separate middle school students and high school students. New play fields and a fence will also be constructed to keep high school and middle school students apart.

School officials feel the new building is necessary to replace the 67-year-old middle school which has problems with its heating, plumbing, electrical, and ventilation systems as well as deterioration in walls, ceilings, and roof joists. They also say the building is not energy efficient, does not comply with barrier-free laws for the handicapped, and does not have an adequate acoustical atmosphere for education. They say the three-acre site in town isn't big enough for outside play and physical education and the cafeteria area is too small.

The total cost of the new building will be \$4,300,000 and it will house grades 5-8. Superintendent Kent Reynolds says projections indicate enrollment at Frederic and Grayling Elementary will exceed capacity by 100 students within five years. By including fifth graders in the new middle school, he feels there will be adequate classrooms for all K-12 students for the next ten years.

## Mid-Year Budget Review Gives County Time to Act

BY Jon Thompson

Sometimes, in the government world of ever-increasing paperwork and more and more studies, a thick report is welcomed with open arms.

A mid-year county budget review - although containing some bad news - was well-received by county commissioners because the up-to-date information may save them a lot of headaches down the road.

The mid-year budget review - the first one ever for Crawford County - showed Commissioners how actual spending and revenues were proceeding compared to estimates used in the budget. The county treasurer's office and clerk's office prepared the report for commissioners to use in watching guard over a budget which can easily go astray of estimates. As recently as 1979 the county budget ran into a \$150,000 deficit that led to the lay off of six county employees and the elimination of 11 C.E.T.A. positions.

The 1983 mid-year review indicated overall expenses may exceed revenues by \$44,325 by the end of the year unless changes are made.

The biggest wrench thrown into the 1983 budget was an estimated \$82,000 extra required for airport operations.

Other expenditures which appear to be run-

ning over budget estimates are attorney fees for indigents in district, circuit, and probate court (additional \$19,000 may be needed), a district court reporter salary (\$7000 extra may be needed), witness fees in circuit court and the prosecuting attorney's office (\$5000 extra), board of prisoners (estimated \$10,000 extra), and \$15,000 to purchase radios for the sheriff dept. The radios were to be bought on a payment plan but the county discovered later it was over the limit it could legally finance.

Expenditures that appeared to be running under budget projections were in the treasurer's office (\$9,600 less), insurance costs (\$10,000 less), and in the sheriff department where the amount spent for vehicle purchase is expected to be \$16,800 under the budgeted amount.

On the revenue side, the major change in budgeted amounts is a \$63,000 transfer from the public improvement fund to general fund. Overall, the mid-year review indicated revenues were \$82,000 above budget estimates and expenditures were \$126,325 above budget estimates leaving a projected \$44,325 deficit.

But the advantages of the mid-year report leaves commissioners four months to make adjustments rather than find out about the deficit at the end of the fiscal year.

## Cone Barn Restored

Bobbi Palmer, of Higgins Lake, shows the drawers used to heat pine cones in oven (top left) and a spinning drum used to begin separating seeds from the cones. The Cone Barn - a museum at the N. Higgins Lake State Park that Palmer helped restore - shows part of the pine plantation operation that used to send out as many as 20 million seedlings a year from 1923 to 1964. The park and museum, located in southern Crawford County, will be open to the public Labor Day weekend.

## From Our Corner...

Time is running out on the Summer of '83...this coming weekend Labor Day will signal the end of summer and the beginning of autumn for northern Michigan...the time of year the pace seems to slow down from the hectic summer months and brings possibly the most beautiful time of the year when the leaves begin to change and the beauty of the landscape is something to behold...the only problem is that autumn just doesn't seem to last long enough and we're tossed into the months of winter...all kinds of predictions are made in the fall about the type of winter we will be having...and it seems like every year, the predictions don't always pertain to our area, so we have, in the years we have lived in northern Michigan, taken the predictions with a grain of salt, and just wait for the real outcome...we have heard we are in for a real duzzy this winter...that was the prediction for last year, and it didn't materialize as we experienced quite an open winter...so time will tell...

Once again we have run into one of those weeks where there are no thoughts in the noggin to put down on paper to fill this turkey...we have been trying now for about an hour and a half to think of something...just anything...so we can go home and catch a little bit of this nice Sunday afternoon weather in our back yard...our neighbor, Carl Hector gave our yard a manicure Saturday afternoon and we would like to get home to appreciate his work...besides, like we mentioned above, summer has just about had it...not too many more nice Sunday afternoons left...

Our mention last week about the possibility of us ever getting to use our den did get a little response...at least our bride is thinking about what to do with her stuff, that's what she told me anyway...

An idle thought...possibly we will be in Grayling and at home over Labor Day weekend...we missed both Memorial Day and the Fourth of July due to Thelma being in the hospital...maybe that is why we can't figure out where this summer has gone, we haven't spent any holidays at home this year...

Our mention last week of receiving a care package paid dividends...this past week, Rena, our typesetter has brought us tomatoes two days from their garden in Beaver Creek...like we said before there is nothing better than good old Michigan tomatoes...

We've got to finish this turkey Sunday afternoon as we have to be in Traverse City Monday so Thelma can see two doctors and there won't be any time to put any finishing touches on our column like we normally do...and the way it looks right now this is going to be about it for this week...Rena will like our corner this week...not much to set...

So we will say goodnight to T.J., Stefany and Amber, and to all of our readers have a nice safe sane Labor Day weekend...we want you to be able to read our turkey next week, and not be a statistic...

## The Bible Speaks

From Calvary Baptist Church

### LOST VERSES OF THE BIBLE

It is becoming increasingly difficult to find men of God across America who still accept a complete Bible as infallible authority. Most modern Bibles omit verses like Matthew 17:21; Matthew 18:11; Matthew 23:14; Mark 7:16; Mark 9:44; Mark 9:46; Mark 11:26; Mark 15:28; Luke 17:36; Luke 23:17; John 5:4; Acts 8:37; Acts 15:34; Acts 24:7; Acts 28:29; Romans 16:24; and I John 5:7. They also call into discredit and refute whole chapter sections like Mark 16:9-20 and John 7:53-8:11. It is very difficult to have a complete faith without a complete Bible since the Bible is the sole source of our faith.

By bringing division into the Bible, attributing faith to some verses and unbelief to others, the authority of Bible based Christianity has been weakened. By discriminating against these precious verses, the fellowship and harmony and unity of God's holy Word has been violently disrupted. It is no wonder we find ourselves in an age when everything goes. Situational ethics governs what is right and wrong. Everyone does that which is right in his own eyes. It is becoming increasingly difficult to find strong men of strong faith and convictions.

There is a growing ecumenical trend across America to discover religious truth by mutual sharing of human wisdom and ideas. From a subjective and eclectic Bible authority comes a subjective and eclectic truth discovered and perpetuated by ecumenical unity. It is becoming increasingly difficult to find a man of God who is willing to hold up any Bible and declare every book, chapter and verse of that Bible to be the very Word of God. The few of us who still do are obviously considered some kind of narrow extremists. It is interesting that the history of most modern main line

denominations is filled with men of God who believed every verse in their Bible. There once was a day when one dared not let it be publicly known that he doubted any Bible verse, today men proudly preach from incomplete Bibles. You may choose to reject Jesus Christ and the entire New Testament and be an orthodox Jew. You may accept the claims of absolute authority of the Roman Catholic church and be a Catholic. You may claim the reformation Bible as your final authority and call yourself a Protestant.

Since not only your present life, but your eternal destiny is at stake, it would appear very wise to weigh the facts carefully and avoid emotional subjective judgments based upon influence by family, friends and feelings. If you believe every verse in the 1611 King James Bible to be the infallible authority of God to the English speaking world, then it is important that you have invited Jesus Christ to enter your heart by faith, and have yielded your entire life to the full authority of His precious Word. God's infallible authority is your most important decision. Faith in that authority is your second most important decision. Fellowship with those of like authority and faith is the third most important decision. Sharing all this truth with the lost world is the fourth most important decision. Your decision affects your destiny and the destiny of others. (adv.)

## Volunteer School Aid Program

Very soon our summer will be a memory, and our new school year will be here again.

As in the past, we always need helpers to aid in our schools. This year we can again use your time and efforts in the classroom, for special activities, working with students, marking papers, running off ditto sheets, and other various little jobs.

We need you. Whatever your skills and talents, no matter how many hours you can give, how many are your years, all that's needed is a love for children and their educational needs.

The pay is in smiles and in knowing you helped in some way.

If you can give any of your time or talents, please call the Volunteer Aide Coordinator at 348-7641 ext. 52.

## Dispositions From Circuit Court

## Heidi Peshick Contest Winner

Heidi Peshick of Roscommon County was chosen as the winner of "Chimera" magazine's "Doctor Who" contest. As a result, Heidi will receive a full year subscription to the British magazine, "Doctor Who Monthly," made available through "Purple Martin's Comics Cave" in Traverse City. Heidi is the fourteen year-old daughter of George and Jo Peshick. Miss Peshick will be attending Houghton Lake High School this fall and has recently submitted artwork to "Chimera" which will be appearing in the fourth issue.

"Chimera" is Michigan's creative arts magazine published by the 4-H Literary and Movie-making club, a project of the Crawford County Cooperative Extension Service. This club puts together "Chimera" magazine which features their creative endeavors, plus those by many other amateur writers and artists around the state. All amateurs' poetry, fiction, articles, comic strips, and artwork of varying themes are welcomed. Since last summer, the organization has published three issues. The most recent is still available at John's Hallmark in the Mini-Mall.

Plans for the fourth issue have begun. There is available space for new amateurs' creative works at this time. Big changes are in the works for the fourth issue which can't be revealed at this time. "Chimera's" staff has promised the changes will delight all its readers. "Chimera" is recognized by Writers Of The North in Petoskey and The Crawford County Arts Council.

 • As always, do not mix drinking and driving. Remember the tougher new laws.  
 • Wear seatbelts; they are proven to reduce or prevent injury when an accident occurs.  
 • If a tire blows out: do not slam on brakes. Instead pump them lightly. Grip the steering wheel firmly to guide the vehicle on a straight path. Pull well off the road to change the tire, placing flares or triangular warning reflectors behind and in front of the vehicle.  
 • If skidding on a rain-slick road: gradually let up on the gas pedal and steer in the direction of the skid. Do not slam on brakes. When skidding has stopped, apply brakes gradually by pumping them. Be ready for a possible counter-skid.  
 • If a tire slips off the pavement, onto a soft shoulder: do not turn the wheel sharply to return to the pavement. Instead slow down, gradually. Do not slam on brakes. Using your turn signal, pull off the road or go slowly until it is safe to pull back on the pavement.

**Strolling Around Town**  
 The business district continues its clean-up with the latest mural being painted on the back of Grayling True Value; and Herluf Moshier has had a whole area behind the Avalanche alley all mowed and trees trimmed. It really is a nice spot on the banks of the river.  
 Over on the South Side on Huron St., Mrs. Cox has a lot of flowers, some of them are beautiful phlox next to the house. On Ingham the Meloches always have flowers and a neat yard as do the McClains on the corner of Peninsula and their neighbors, Tom Brown, have a large planter full of flowers.  
 Up in the north end of town, construction continues on the clinic, a new house is going up on the corner of Lake Street near there, and the Harold Hatfields have many flowers around their house. It's amazing the change in that part of the city; my memories of that area are of fields and empty lots. It is now full of homes and a very clean and neat-looking part of the city.  
 One of the biggest improvements this week is the new parking lot at St. Mary's Church.

### Tax Expenditures Cut State Revenues by One-Third

Warren M. Hoyt, Executive Director, MPA

Total state and local government revenues are cut by approximately one-third, roughly \$6.9 billion in the 1982-83 fiscal year, because of various tax expenditures, a report from the Department of Management and Budget reports.

Details of the report were discussed recently at a House Taxation subcommittee on tax expenditures, and the head of that subcommittee said the figures will enable his group to analyze better the actual worth and effectiveness of the different tax expenditures.

Rep. Jeffrey Padden (D-Wyandotte) said with the data on the actual amounts involved in tax expenditures, the subcommittee could start reviewing whether those expenditures actually provide more benefit to the state.

The figures should "astonish taxpayers who don't enjoy the benefits of these expenditures and have to shoulder the burden," he said.

Padden said almost all taxpayers do get some benefit from the tax expenditures, such as the personal exemption which is designed to make the income tax more progressive, but the committee wants to examine how generally applied the tax expenditures are, "then determine if those are a valid public purpose."

The subcommittee will begin the review process in September with hopes of completing it by the middle of the fall quarter.

The report is the fourth the state has issued since it was mandated to estimate tax expenditures by the Legislature in 1979.

Joanne Paul, of the department's Revenue and Tax Analysis Office, said the figures it issued in the report were just estimates since the revenues are not actually collected and returned.

Estimates on the cost of different state income tax expenditures, for example, she said are not based on the current withholding rate but based on the previous rate of 4.6 percent, not the current 6.35 percent rate.

The cost in tax expenditures to state revenues is about \$4.4 billion (\$3.1 billion of that from the general fund) compared to actual collections of \$7.15 billion. Local government tax expenditures take about \$2.5 billion compared to collections of \$5.4 billion.

Other newly enacted costs include \$5 million from an inheritance tax exemption for estates passed on to surviving spouses and a single business tax credit given to new employers equal to the amount of the higher federal unemployment tax, which is estimated to cost nearly \$1 million.

The state recouped those losses by some \$700,000 by increasing the single business tax liability of domestic insurance companies.

In estimating the cost of tax expenditures, Paul said, the office does not try to determine if the tax expenditure has generated certain kinds of behavior - such as expanded economic development - intended by the Legislature.

Two of the largest state tax expenditures are \$564.4 million for the personal exemption under the income tax and \$539.8 million for the property tax credit under the income tax.

Other large expenditures reported include \$330 million for the food and drug sales tax exemption, \$745 million for services exempted from the sales tax, \$202.7 million from industrial processing exempted from sales tax and \$151.2 million from the labor intensity single business tax credit.

**UNDERGROUND HOME**—This is how the Terra-Dome home of Loren and Grace Goodale, of Grayling, looked last week before builders covered the top and three sides with dirt. The front will have earth filled to the bottom of the windows except for the doorway. The energy efficient home with one skylight in the roof was built by Northland Homes of Gaylord, who built a similar house along Old U.S. 27.

## Mercy Hospital, Cancer Society Sponsor 'Freshstart'

Mercy Hospital, Grayling and the American Cancer Society are sponsoring a "FRESHSTART", Freedom from Smoking" class in September. The FRESHSTART program consists of four, one-hour group sessions held during a two week period. The first class will be held Monday, September 12. Following sessions will be September 14, 19 and 21. All sessions will be held at Mercy Hospital beginning at 7:00 p.m.

This class is designed for persons who want to quit smoking but have been unable to do so by themselves. The American Cancer Society's FRESHSTART program is designed to help participants stop smoking by providing them with all of the essential information and strategies needed to direct their efforts at stopping. The program focuses on an active, pragmatic approach to quitting smoking. Participants are encouraged to apply what they learn in the FRESHSTART program to other aspects of their lives. FRESHSTART is a straight forward, no-nonsense program. It contains all of the elements that have been found to be meaningful in helping smokers stop and stay off cigarettes. The behaviors, thoughts and feelings of participants are addressed. The program does not contain any non-essential elements. There are no gimmicks, meaningless group activities or busy work. Finally, FRESHSTART makes use of group interaction to encourage and support change, but it does not foster dependency on the group among the participants. The program is primarily a series of work

sessions. Individual situations are given more attention than is group process.

The FRESHSTART program emphasizes that stopping smoking is a two-part process: (1) stopping and (2) staying stopped. It is significant that a person who takes two weeks to stop smoking is as likely to stay off cigarettes forever as is the person who takes two months to quit.

FRESHSTART recognizes that the most efficient group experience for smokers is one that helps them to stop smoking as quickly as possible, and then focuses their energy on planning

ahead to avoid returning to cigarettes.

This class is open to anyone that wishes to quit smoking, but registration is limited to 25 persons. To register, for more information, call the Mercy Hospital Public Relations Department at 348-5461. This class is being offered free of charge.

### Editor's Mailbox

Dear Mr. Editor:  
Several weeks ago, Mr. George Mason, Jr., commented in this column about the "Catch and release" regulation on the South Branch.

This writer is in agreement with Mr. Mason's position. However, in talking with many fishermen, both local and non-local, I am convinced that this regulation was not the preference of several hundred people, but was the choice of very few fishermen. Commercial interests were also involved.

I much prefer to release fish voluntarily rather than to do it by edict. There are so few liberties left.

It would seem that the preferred approach would be to implement the many good features embodied in the D.N.R. George Mason River Retreat Management plan instead of "No kill".

### NOTICE

### SIDEWALK REPLACEMENT

The City of Grayling has for several years engaged in a program of aiding citizens in the replacement of public sidewalks where necessary. This program calls for the City to pay 40% of the cost of the public sidewalk to be replaced and is limited to the amount which is budgeted for each fiscal year.

These requests for aid, under this program, must be submitted to the City Office at 103 James St. and formally be approved by the City Council. Council can not approve payment of sidewalk replacement on an after-the-fact basis.

Further information may be obtained by calling  
Jerry W. Morford, City Manager, at 348-2131.

### Par For The Course

Following golf on Wednesday morning, the Auxiliary held election of new board members; Shirley Bendig, Shirley Parks, and Eunice Slusser were elected. Donna Pottorff, president, presided at the meeting and minutes were read by secretary Carolyn DiPonio. Plans for the upcoming President's Day were discussed with all past presidents being invited. Guests for lunch were Mary and Elizabeth Stewart.

The Purple Team won again on August 24, M.J. Knibbs, E. Kent, L. Smith, T. Bateman, C. DiPonio and B. Nielson. Chip-ins were scored by Faith Stripe on No. 4, Ruth Nielson on No. 2, Mary Pettengill on No. 3 and Marti Nowak on No. 4.

The last Sunday Golf party will be held on September 18 and the closing party will be September 24. Watch for them!

George Morse, son of George and Lorna Morse, and Tim Taylor, son of Howard Taylor, had a most enjoyable trip to Europe with the Blue Lake group. Previous to their trip abroad they spent one week at Blue Lake. Their tour took them through Denmark, Norway, Sweden and Germany where they were housed in private homes. Their bus driver, "Chris" returned to the United States with them, visiting in Detroit, Grayling and New York before going back to Europe. George left for the Army a week after returning to the States the latter part of July and is now stationed at Ft. McClellan, Alabama.

Pat Failing, a senior at Central Michigan University, completed her student teaching during the six-week summer reading clinic in Mt. Pleasant. Following school, she and husband, Jim, took an 18-day vacation to visit some of the Civil War battlefields, Gettysburg, Fredricksburg, Chattanooga, Chickamauga, Spottsylvania and Wilderness. From there they went to visit Mrs. Marguerite LaChappelle Loftus in Norfolk, Virginia. They also visited North and South Carolina and went on to Gainesville, Florida, to visit Bob and Marilyn McClain and in Macon, Georgia, they visited their aunt, Florence Theiss. In Nashville they met John and Betty Failing, Floyd and Betty Millikin, Randy and Sandy Cook and Mary Ann Calkins for a tour of that city.

Bruce and Corrine Smith attended the all-alumni high school reunion in Mancelona on Saturday, August 20. It was a potluck dinner held in the elementary school gym.

Bob and Fay Bove were in Mt. Pleasant on Monday, August 22, as guests of Carl and Reva Wender. Bob spoke to the Mt. Pleasant Kiwanis Club on the International Convention in Vienna.

Walt and Betty Layman arrived home from Ireland and Glasgow, Scotland, on August 14, called home by the death of her brother, Hugh Pedder of Farmington Hills. They had arrived in Ireland on August 7 on a long planned family trip to Scotland. They were able to visit cousins and an aunt before coming home. Accompanying them were Lewis and Gwen Pedder of St. Claire Shores, Mrs. Louise Pedder of Detroit and Mrs. Ruth Coffey of St. Claire.

Doug and Betty Stirling of Tryon, N. Carolina, visited her brother and wife, Tom and Marian Welsh, for two and one-half weeks. Their daughter, Debbie Stirling, a lawyer in Washington, D.C., also spent a long weekend with them. The Stirlings went to Cass City from here to visit another sister, Nelle and Ken Maharg.

Double red Chrysanthemums and many other colors are available at Hillside Farms \$5.00 for extra large pots.

Frank and Joanne Doty and children of Traverse City spent a weekend with her parents, the Tom Welshes. Last Thursday, Marian went to Caro to visit her mother, Mrs. Leah DuBois, and stayed with a sister, Warren and Betty Reed in Millington.

Mrs. Lynn Welsh and daughter, Erin, of Bridgeport, were in Grayling for several days to visit her mother, Mrs. Marie Akers, who underwent surgery last Monday.

A year ago he was here sitting beside me so near.  
The joy in his face and in mine dreams so bright.  
I loved him as if he were mine.  
His once powerful body so recently frail and insecure  
Weakened by Pain yet pride helped his spirit endure.  
I live with his love, it surrounds me still.  
The dreams he helped to fulfill wouldn't have had a chance  
But for his undying will.  
He took some of me with him the day that he looked into my eyes  
And I knew he was going away.  
My tears, although hidden from view,  
I knew.  
He knew.  
Since then nothing's been the same but I plan to finish the dream that was our aim.  
And though sometimes clouds block the way the persistence he taught me will pay off someday.  
With love and trust we walked for many years he was always there to dispell our fears  
I'll carry his memory to Matt's listening ears to remember the laughter, the sweat, and the tears.

Still, M.

## Township of South Branch Notice of Public Hearing on Increasing Property Taxes

The Township Board of South Branch will hold a public Hearing at 8:00 p.m. on Tuesday, September 13, 1983 at the South Branch Township Hall located at 5245 M-18, Crawford County.

The Township is authorized to levy 4.00 mills (Two 2) mills for Fire Protection or \$2 per thousand SEV and Two (2) mills for Township Operating or \$2 per thousand SEV). To comply with Public Act 5 of 1982 the Township and Fire mill rate is reduced to 3.9478 (\$3.9478 per thousand SEV).

In order to maintain basic services of the Township, the Township Board proposes to levy an additional mill rate of 0.0522 mills (5 cents per thousand SEV). This will provide an estimated 1.3229 percent increase in the total Township operating revenue.

The purpose of the Public Hearing is to receive testimony and discuss the proposed additional 1983 Township Operating millage rate. Public comment is welcome; however, the Township Board has complete authority to establish the number of mills to be levied up to the authorized mill rate.

By  
Rev. Richard H. Wadsworth

Last week I discussed the kind of love that "bears all things." This week I want to elaborate on the kind of love that "believes all things." This is not a naive love that accepts everything that it hears without reasoning. "But it is ever ready to believe the best of every person, and will credit no evil of any but on the most positive evidence" (Adam Clarke). This kind of love allows for circumstances in order to give the advantage to the other person. It believes that the person that hurt you did so unintentionally and this love in us is ready to forgive.

Love that believes in others brings a quality of life that everyone respects. And Jesus is really interested in the quality of our life more than in the quantity or longevity of our life. Think about it - the people that you like the most are the ones you trust the most and the people that you dislike the most are the ones you distrust the most.

**Services Held For Herbert Treston**

Herbert F. "Bud" Treston, 61, of Okemos & Grayling, passed away Monday, August 22, 1983 in Sparrow Hospital, Lansing. Funeral services were held Thursday, August 25, from St. Mary's Catholic Church, Grayling, at 11:00 a.m. with the Rev. William Rabior officiating, burial was in Elmwood Cemetery.

Mr. Treston was born in New York, New York, January 14, 1922, but had lived in the Lansing area for 13 years moving there from Flint. He was a retired Real Estate executive for Mobile Oil Corporation. The family has been spending weekends and vacations at Lake Margrethe for the past 35 years. He was a member of the National Ski Patrol and the YMCA in both Flint and Lansing.

He is survived by his wife, Catherine (Lewis) Treston; one daughter, Janice Treston Auran of Ann Arbor; one son, Dr. James Treston of Grand Blanc and two granddaughters, Lindsay and Kylie.

Pallbearers were Bernard Wyman, Carroll Knight, Lee Wilson, Richard Schumacher, John Collins and Jack Bender.

The family suggests Memorial contributions be directed to either the National Ski Patrol or the YMCA in Lansing.

The only problem here (on our part that is) is Jesus tells us to "Love our enemies." Trust them, believe in them, give them the benefit of the doubt. Impossible? NO! When we are filled with God's Holy Spirit we can have this love with us and in us. "And I will ask the Father, and He will give you another Helper, that He may be with you forever; that is the Spirit of truth, whom the world cannot receive, because it does not behold Him or know Him, but you know Him because He abides with you, and will be in you." (John 14:16, 17 NASB).

Only those who accept Jesus Christ as their Savior can receive the Holy Spirit. Don't you want a better quality of life? Don't you wish you were that kind of person that everyone wanted to be around? You can be. Repent of your sins and ask Christ into your life and He will give to you of God's love that believes the best in others.

## Bits O'Talk

by Fay Bovee

Mrs. Donald Bentley and her son, Donald, just returned from a seven week trip to Germany. They toured Austria and Switzerland. One week was spent in Garmisch in the German Alps with her sister and husband, Mr. and Mrs. Herbert Breier. While there, they took a lift with 16 other tourists up to the highest mountain in Germany, the Zugspitze, 2964 meters. The view was breathtaking. On their way back to Pirmasens, they toured Munich. They spent a day in Stuttgart with her cousin and her family. One week was spent with her brother and his wife in Kaiserslautern. The rest of their visit was spent with Mrs. Bentley's mother in Pirmasens, Mrs. Bentley's birthplace, where more friends and relatives were visited. This was Donald's sixth visit to Germany. His sister, Donelle, missed out on this trip because of her college commitment.

## Editor's Mailbox

Aug. 22, 1983

Whitey,  
It was 3 years ago that Grayling Basket makers had their Convention at the Holiday Inn. It would have been more meaningful if our publicity of pictures and an article had been used before the Convention.

Last year the 2nd Annual Convention was held at Plymouth, Mi.

The 3rd Annual Convention will be held Oct. 8, 1983 at the Grayling Holiday Inn. We have 256 registered at this early date. With a large representation attending from the Plymouth area, as well as Mio and Grayling areas.

Another fine old craft being revived in our Community is the presentation of the Quilt Show. This was our 2nd Annual and we had a super show of 92 quilts - well displayed at the Ice House. The whole 2nd floor was completely devoted to the quilts being displayed. Many of these were old and some new - coming out of the cedar chests to be shared with others. One dating back to 1897.

Another display was a wall hanging created by 8 and 9 year old boys and girls. These children were members of the Summer reading class at the Library and so proud of their work. It is now on display at the Library - along with a framed list of names of all who participated.

In the 4 days of the Show, more than 800 people registered to view these quilts.

In the interest of people of Crawford County - our Merchants and tourists, can we count on you as Editor of the Crawford County Avalanche to give us the publicity for these events in the future?

Sincerely,  
Marion S. Welsh

From City Treasurer re: July Finance Statement.

Old Business

Mr. Leon Rochette was present to accept a Resolution honoring him for his many years of service to the Community.

Motion by Golinick, supported by Latuszek that

WHEREAS, Leon Rochette has served the Grayling Community as Chairman of the Grayling Housing Commission since 1963, and

WHEREAS, he has devoted much of his time and energies to helping develop and operate the Senior Citizen Center in Grayling, and

WHEREAS, his interest and concern have been directed toward development of a pleasant atmosphere for Senior Citizens in which to live,

NOW, THEREFORE, be it resolved that on behalf of the Citizens of Grayling and of Crawford County, the Grayling City Council wishes to express its Thanks to Leon Rochette for 20 years of dedicated service to his neighbors.

Ayes: 5, Nays: 0, Absent: 0, motion carried.

Motion by Thompson, supported by Golinick that Mr. Perry Wells be appointed to the Grayling Housing Commission to fill Leon Rochettes term. Ayes: 5, Nays: 0, Absent: 0, motion carried.

The City Manager presented Change Order No. 1 to the 1983 Street Program. The net additions and deletions caused an increase of \$6,326.90 and brings the contract total to \$321,113.89.

Motion by Latuszek, supported by Golinick that Change Order No. 1 be approved in the amount of \$6,326.90. Ayes: 5, Nays: 0, Absent: 0, motion carried.

The City Manager also presented the contractor's final estimate for the 1983 street project in the amount of \$124,653.29. Both he and the engineer recommended approval.

Motion by Latuszek, supported by Sloan that the invoice from M & M Excavating for \$124,653.29 be approved as the final payment for 1983 Street Program. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Three sealed bids were received for the 1979 Ford Sedan.

3. Ron Knierim, Freeland — \$1326.00

Motion by Golinick, supported by Sabin that the bid of Ron Knierim for \$1326.00 be accepted. Ayes: 5, Nays: 0, Absent: 0, motion carried.

The request by Mr. Donald Jansen of Jansen Sales and Service to have the City pay for part of his parking area along Ottawa Street was considered by Council. Mr. Sabin noted that Mr. Jansen's position is not much different from numerous others in the community with the area used for parking and not for a public sidewalk.

Motion by Sabin, supported by Golinick that the request of Mr. Jansen be denied. Ayes: 4, Nays: 1 (Thompson), Absent: 0, motion carried.

New Business.

A request from Morden Post for the City to pay for 40% of the replacement of 16' of sidewalk across his driveway was considered by Council. The cost would be \$72.00 or 40% of the \$180.00 estimate.

Motion by Golinick, supported by Sloan that the matter be tabled until the next meeting. In the interim the City Manager will meet with Mr. Post and examine the sidewalk. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Motion by Golinick, supported by Sabin that the City advertise their Sidewalk Policy for two weeks and that if sidewalk replacement proposals are not approved in advance they will not be approved for city payment. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Sabin also requested that the owner of the house next-door to Mr. Post be contacted about the condition of the sidewalk at that location.

Reports of Councilmen.

Mr. Sloan asked about dust control.

Mr. Sabin asked about water rates.

Motion by Sabin, supported by Golinick that effective 1-1-84 the residential sprinkling rate be extended to include the April, May and June and the July, August, and September Quarters. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Motion by Sabin, supported by Golinick that a bench be placed in the Triangle of Michigan, Rose and Ottawa for the use of the citizens. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Golinick asked if new hospital signs can be placed. Mr. Morford said he would take care of it.

## Crawford County Board of Commissioners

Regular Meeting — July 28, 1983

(synopsis)

Meeting was called to order at 9:35 a.m. by Chairperson Kitchen with all commissioners present. Several visitors attended at various times. The invocation was given by Chaplain Mattis. The minutes of the July 12, 1983 meeting were accepted as printed with a correction that Mattis offered the motion to purchase a back board for the Frederic Township Ambulance.

Jim Prosser who was recently hired to manage the joint landfill was introduced.

Claims, Vouchers and Per Diem — An invoice to Curt's Steam Cleaning was approved for \$125.00.

An automatic alarm system in case of fire in the jail kitchen was questioned.

Several pieces of communications were acknowledged.

Appreciation to Harland for all the co-operation, coordination, and encouragement on the Land Use Map Inventory project over the past two years, making it possible for the County to achieve the grants, and have the project completed was noted.

The need to decide who will be the County's voting representative on decisions involving JTPA and PIC was reviewed. Much confusion exists between the Manpower Consortium and the Dept. of Labor on the Service Delivery Areas and responsibilities for JTPA. County Executive Officers should and will be responsible for the program. More information on this issue will be pursued.

Senators and Congressman will be contacted and urged to vote yes on the bill for general revenue sharing as presented.

The request of Julie Fagan and Barb Valentine for re-classification of positions was referred to Personnel Committee.

Communications will be included for acknowledgment and acceptance as a matter of record on the agenda.

The radio communications in Beaver Creek has greatly improved since the relocation of the antenna. Beaver Creek and South Branch Townships have both contributed \$500.00 each to the cost of the relocation.

Irene Peterson's request for consideration on job classifications was also referred to the Personnel Committee.

Kitchen informed the Board of the Transportation Authority meeting held on July 14 where a resume of the air traffic, necessity to cut hours of operation, encourage of local pilots to fill up during open hours, emergency calls, and landing fees were discussed. A list of company and private planes was noted.

Assistant Prosecutor Sabin met to present an application for the Co-operative Reimbursement Program. Information received on various county contributions to the programs ranges from Crawford's low of 7% to a high of 30%. Many line items were explained as well as how the county is reimbursed. The work load, time involved per case, and cost involved were explained. The reimbursements received over the past three years were reviewed. The application was submitted to the State as prepared.

Sheriff's Report — The June Activities Report and schedule of the Dept. Open House were distributed and reviewed. Sheriff White informed the Board that after reviewing the recent jail inspection report with the Dept. of Corrections personnel and Commissioners, a 60-day extension on the written plan was requested. Commissioners commented on the space available, improvements needed, and cost involved.

The location of the visiting room, detoxification cell, construction of a window in the detoxification cell, amount of square feet required in each cell, feasibility or removing the maximum security cell and converting the area into a multi-purpose room were also discussed. The architectural firm was contacted relative to removing interior walls. Use of the patrol cars by Dept. employees during lunch periods was discussed. Contact by radio is necessary at all times.

Treasurer's Report — Representatives of the City and Grayling Township on the Transportation Authority were receptive of the action taken by the County relative to funding and number of employees at the airport at the last meeting. Hours of operation, correspondence from Airport Manager Al Livanice, and the 1983 budget were reviewed. A meeting will be arranged with employees of the Airport and Transportation Authority Members to discuss goals and operation of the airport.

An inquiry if the County has considered purchase of a computer and contracting out to the townships and city for tax work was received. Treasurer Wakeley reminded the Board of the limit on County obligations in borrowing funds. Much information and costs must be obtained before any consideration can be made.

Committee Reports:

Mental Health — Much of the meeting was spent on budgets and programs for the next fiscal year. Budgets for leave of absence without pay were considered. Mr. Lucas and Mr. Vandervon of Wexford County opposed the Family-Teaching Home being located in their subdivision. Minutes of the June meeting and a copy of the 1983 Fiscal Year Shared Management Contract between the North Central Michigan Community Mental Health Board and the Michigan Department of Mental Health were placed on file.

NEMCOG — The A-95 Committee approved four projects. County appropriations for the proposed budget for 1984 are at the same level as for 1983. The Environmental Protection Agency appropriates approximately \$46,000.00. Harland brought to the Board's attention the increase in the Judge's Standardization Fund noted in the minutes of the March meeting of MAC Personnel Officers. Further information will be obtained on this.

Community Development — An application for a loan from the Chamber of Commerce to have an office building constructed in the amount of \$27,000.00 was approved. Said site will be on City Park property, provide public restrooms, have adequate parking, and utilize the Building Trades Class. An application for a loan to purchase equipment for a saw mill operation was tabled pending further financial reports.

Mich. No. Counties — Al Blankenship, Consultant, gave an interesting presentation at the meeting. Policy limits on spending were recommended. Adoption of Dept. total budgets instead of line item budgets was also suggested. Requirements of budgeting acts were reviewed. MSU Retired Professor Gordon gave an informative presentation on how to conduct public meetings.

Dept. of Social Services — A spouse abuse workshop is being set up in the area.

Craw/Rosc SCD — the election of officers at the Annual Meeting resulted in the same officers being re-elected. Awards were presented to 4th, 5th & 6th grade students. Neilson received a Fifteen Year Service award.

Dist. Health — Increase in participation in programs offered was noted. A blood sugar screening program will be conducted in the Senior Citizen Center. The fee for testing eye and hearing of school children was increased to \$2.50.

The septic system for the proposed new middle school was discussed. Ground saturation, lift stations, septic systems, and tying into the City's sewer system were discussed. Consensus of the Board was to wait until the presentation by school personnel is given.

Manpower — much more work needs to be completed relative to JTPA programs and the Service Delivery Areas. Designation of the local grant recipient, County Executive Officers or delegates responsibilities, and other issues must be clarified.

Zoning Comm. — a joint meeting for both Planning Commission and Zoning Commission members has been scheduled for August 3 to review requirements of the Enabling Act, plans, ordinance amendments, and costs involved.

DPW — some changes in personnel have taken place at the landfill, revenues are increasing at the present time, trenching for the winter will be put out for bids, and other concerns have been resolved.

Fish Hatchery — the project is going great at this time. Grants are being sought to keep the project going, construction and sale of picnic tables and river boats is being considered, the percentage of fish loss is about 1%, and bus tours are planned during Milltown week.

Finance — information is being obtained on implementing P.A. 621 of 1976 from the Dept. of Treasury.

Planning Comm. — the milars are back and a code sheet is being compiled. The price on reproducing the maps was set at \$5.00 per map through the Building and Zoning Dept.

Council on Aging — grievance procedures for both residents and visitors are being considered. The blood sugar testing program will be set up by the Health Dept.

NACO — the Conference was well attended, interesting and informative. The information compiled on the Land Use Inventory Map project was well received. The theme of the convention was rural counties and working together, sharing costs was stressed. The new JTPA program was reviewed in detail and the fact that it is a job training program not a program to create jobs was also stressed. Management improvement was also discussed.

Sales of mini bonds to private individuals was also discussed at sessions. Governmental units are good investments. The issue should be pursued in our area.

MAC 2nd Reg. — a workshop was held at Boyne City. Working together was also stressed at this conference. The Downtown Center Conference in the Detroit area was highlighted. Training, placement, and re-training of persons for the job market is receiving good comments. At a meeting in Lansing with representatives of the Military and DNR on the land exchange of the 60 to 65 thousand acres of guard range from State to Military, discussion on the loss of revenue, recreation area, condemnation of private land, erosion, and many other factors was held. Indication was given that nothing will change if the transfer takes place, only the impact areas will be fenced to protect the Military from the liability incurred when citizens remove shells and etc. from these areas. The tax structure in this area was reviewed. It was noted that some of the property is assessed at the ad valorem rate. The nesting area for the Kirtland Warbler was also discussed. Private property in the KP Lake and North Branch area may be subject to condemnation.

Adjournment — meeting adjourned at 5:00 p.m.

## August 9th Regular Meeting Synopsis

The August 9th meeting of the Crawford County Board of Commissioners came to order at 9:30 a.m. with all commissioners present. Sixteen visitors also attended at various times. The minutes of July 28th were accepted with one minor clarification, after which twenty two pieces of correspondence were acknowledged, reviewed and placed on file.

COMMITTEE REPORTS included:

FINANCE: Approval of General Fund vouchers in the amount of \$30,038.05. Airport bills totaling \$15,464.91 and Fish Hatchery vouchers in the amount of \$1,821.49. Commissioner's salary, per diem and expenses respectively approved as follows: Kitchen: \$200.00, \$180.00 and \$48.40. Harland: \$150.00, \$190.00 and \$90.64. Miller: (five months) \$750.00, \$560.00 and \$201.96. Neilson: \$150.00, \$200.00 and \$31.24. Welser: \$150.00, \$170.00 and \$3.96. Joyce: \$150.00, \$180.00 and \$84.84. Mattis (two months) \$300.00, \$320.00 and \$48.40. Two members (Kitchen and Harland) were added to the Statutory Finance Committee, increasing membership from three to five. These appointments were confirmed by Board vote. A preliminary report was given regarding riding lawn mowers. If a purchase is made, it will be after a bidding procedure.

LABOR: AFSCME negotiated benefits for court employees will be discussed with Judges Walsh and Kraus at an August 12th meeting.

ROADS AND BRIDGES: Work is complete on Four Mile Road; and it is now an all-weather road.

DISTRICT HEALTH: Grand Traverse County has requested another doctor and sanitarian.

LAW ENFORCEMENT: Jim Bourque of Bourque and Associates will meet with the committee August 10th to discuss funding alternatives for jail renovation or construction.

NEMCOG: Joyce was authorized to vote on behalf of Crawford County at the August 19th NEMCOG Full Council Meeting, should Kitchen be unable to attend.

INSURANCE: The County's self-insurance fund presently has \$20,864.00, and health and retirement self insurance is being investigated. A sheriff's patrol car, which was involved in an accident, will be advertised for sale at a minimum bid of \$800.00. Bidding deadline is August 22, 1983, with bids to be opened August 25, 1983. A safety seminar is being planned for employees.

DPW: Problems which threatened DNR closing of the landfill have been resolved with grading and backfilling.

PLANNING COMMISSION: Discussion was held on the need for the development of a Land Use Plan and updating of the County's 1971 Zoning Ordinance. The consensus was that changes in zoning law, and the diversified needs of a growing area have rendered the present Ordinance impractical, difficult to administer and in some cases illegal. The Planning and Zoning Commissions were authorized to pursue efforts to obtain the services of a professional planner to serve as a consultant for the development of a future Land Use Plan and Zoning Ordinance through appropriate county bidding procedures.

MANPOWER: County Delegates, PIC and Manpower have reached official agreement on JTPA. Small Business Development Center designation has been granted to the Northeast Michigan Consortium. The term "Manpower" is being dropped from the Consortium's title.

MAC: H.J. Vander Patten and Elnora Vader were recommended by Mattis for election to the "at large" seats on the MAC Board of Directors.

SHERIFF'S REPORT: The County has been granted a sixty day extension to respond to the Dept. of Corrections Jail Inspection Report. Jail Administrator Mike Johnson's request for payment in lieu of twelve days vacation was granted, and a policy requiring prospective Sheriff Dept. employees to undergo psychological evaluation on a cost shared basis was adopted. The County's use of a tracking dog will be covered by contract for insurance purposes. The Sheriff also advised that citizen complaints involving conduct of his officers should be accompanied by car number, date and time of the alleged incident.

TREASURER'S REPORT: A review of the County Budget through June 30, 1983 is planned; and a proposal is being drafted for bids on an All Funds Audit. Recommendations for addressing the problems at the Airport were also presented for Board consideration.

ADDRESSING THE BOARD BY APPOINTMENT WERE:

• Fred Schabily, Lovells Township Supervisor, who expressed his concerns regarding the possible transfer of 67,000 acres of State land to the Military by the D.N.R. Schabily expressed alarm that action on the transfer is moving rapidly, and said he believes it will materialize regardless of local concerns. The possible condemnation of private property, and possible fencing of the entire area were also discussed, in light of the effect this would have on access to Lovell's Township by trails which run through the land. The Assistant Prosecutor has been requested, under the Freedom of Information Act, to obtain from the D.N.R. all material relevant to the transfer. Kitchen will organize a public meeting at the Armory for mid September, and will invite D.N.R. and Military Officials, legislators and interested citizens to attend.

Personnel of the Grayling McNamara Airport met with the Board during both the morning and afternoon sessions to discuss the status of Airport operation. There was much discussion on funding problems, hours of operation, shortage of personnel and the need for equipment repairs. Actions taken included:

## Alumni Assn. to Honor Howard Taylor at Homecoming

Honor Guest for Alumni Homecoming '83 is Howard Taylor. We hope we speak for G.H.S. Alumni and Community alike when we recognize the talent he has for music...in teaching and production. He came to Grayling in June 1965, to replace Peg Milnes as Choir Director, and to teach 7th and 8th Grade History.

In 1973 he became full-time Community Education Co-ordinator. The last 2 years, he has been our High School Band Director. We have singled him out for the pure pleasure he has generated in the School and Community with the Broadway Productions. He says he will continue with these.

The love of Theatre has become paramount to a great number of his students. One in particular, I quote: "If anything, Howard Taylor has helped our community to have a greater appreciation for the arts. His vivid imagination never stops coming up with ideas for new programs, or ways to improve old ones. Just when you think he's outdone himself, or he's taken his wild imagination to the limits, he suddenly says those magic words: "Hey, I've got an idea!" And believe it or not, there's usually a method to his madness.

But I think that I, as well as many other former and present G.H.S. students, will always remember him in one of his most famous roles - that of Theatre Director. Being in one of Howard's plays was (and still is, I hear) always a unique experience. This is mainly because he always stressed that it wasn't "just another High School Play." It was true theatre, and was to be taken seriously.

Whenever we thought we had done the best we could with a production, he showed

us we could be even better. He taught us, above all, to strive for total professionalism. He also taught us all the traditional rules of theatre etiquette and all the famous theatre superstitions and taboos. These things made every play special for us.

We all looked forward to his opening night pep talks, and even though most of us had heard the same stories from every previous opening night, we somehow felt deprived if we didn't hear them again.

Howard Taylor has been highly beneficial to our Schools and Community in instigating programs that promote the arts. For all his fine work, he deserves more than a round of applause - he deserves a standing ovation." End of quote.

Signed, Susan Prause, '83 Susan is the daughter of Gail and Bob Prause. She received the Carl W. Borchers Scholarship, '81. She has signed up for a Major in Theatre for her Junior year at CMU. Her letter said it all.

Another young lady who comes to mind is Mary Kay Hunter, '71, daughter of Dena and Les Hunter, '38. She has had a storybook career since graduation, starting with work in Guthrie Theatre, Minneapolis. She has been Stage Manager for Theatres in Stratford, Ottawa, Canada, Boston, Denver, Santa Fe. She is currently with the Seattle Repertoire Theatre, Seattle, Washington, as Stage Manager. It all started right here at G.H.S. with Howard Taylor. It is hard to stop. There are so many fine young people to mention, But...this is Howard's column.

We will have Howard's Dixieland Band to play for dancing on September 10. Music...Music...Music.

Please note: The Registration Deadline is Wednesday, September 7. There is no guarantee of Dinner tickets for sale at the door...just a maybe. The Alumni Office will be open 1 p.m. to 3 p.m. on September 7...8...9.

### Youth Service Bureau

The Youth Service Bureau completed its tenth week of recreation and provided the following list of activities:

Mon.: AuSable River campout and returned Tuesday 1 p.m. 12 students attended accompanied with 10 students from Oscoda.

Wed.: Sleeping Bear Dunes trip. 11 students attended from Crawford and 15 from Oscoda.

Our specials thanks this week goes out to the following friends: Bob Cole, Ernie Dawson and Dave Wiltse for the use of their van's for transporting the students to and from last week's activities. A special thanks to Dave Mills and Heidi Morrill for doing an outstanding job with us and the students.

We are looking forward to seeing the students in school this year. We will be in all four schools and will have a client load of about 95-100 students.

Again thank you to the students and parents for helping us with our program. We are a United Way supported agency.

### Doodles From The Tall Timber

Wendell L. Hoover  
Park Interpreter

Rain, how welcome you are as you soak into the thirsty ground and into the tissues of plants parched by the sun. What is there about rain that puts the green and growth back into plants so much better than a sprinkler can? The grass turning so brown seems to turn green literally under your feet. Flowers normally at full growth by this time, but slowed by the dry weather, jump into full growth and bloom seemingly overnight. White and Red Pine provide good rain gauges for years past since both trees produce a whorl of branches each year. The spaces between the whorls indicate a year of upward growth with all that growth at the top and on the end of the branches. In a good year with adequate sun and moisture, a White Pine will go up as much as thirty inches, but an average would probably be closer to fourteen inches. Poor years, especially when there is little moisture, are indicated by shorter spaces between whorls. Several short spaces may be an indication of too much shade which neither the Red nor the White Pine can tolerate well. You can determine the age of a pine even if it is twelve or fourteen inches in diameter so long as you can see the whorls or evidence of them. Wet or dry years, they change just as we do.

### AIC Palmer Receives AF Commendation

AIC Ed Palmer, son of Mr. and Mrs. J.D. Palmer of Grayling, recently received a letter of commendation from Lt. Col. Joseph M. P. Sullivan, Commander of the 436th Organizational Maintenance Sqd. at Dover Air Force Base, Delaware.

On Feb. 25, 1983 notification was received that Aircraft 0455 was going to replace a plane that had developed a fuel leak. Within 20 minutes, due to the proficiency and hustle of AIC Palmer, the fuel cart was disconnected, the aircraft was knelt, forward and aft doors opened and after permission to concurrent refuel was received, he began to refuel the mission load. He assisted in pushing pallets on board, taking time out to repair a broken tail lock on the spot rather than delay loading waiting for rail shop. Total time from notification to launch was less than three hours.

He was commended for his "can do" attitude and honest effort to support the mission.

## Chamber Chatter

By Joyce Kolka

A follow up meeting of the Milltown Committee last week revealed that the general reaction to the festival was excellent. Most people that the committee contacted said that it was the best event ever.

It was agreed that a reorganization meeting will be held on Wednesday, Oct. 5, at 10 a.m. in the City Council chambers. At that time dates for next year's festival will be discussed.

The Michigan Snowmobile Association will hold a special state meeting at the Holiday Inn on September 17. The association will discuss where to hold their annual convention among other topics on the agenda.

Recently Crawford County formed a Snowmobile Council to affiliate with the association. We certainly look forward to a fine relationship with them and hope that they will return here many times to hold their meetings.

Color Tours are scheduled for October 8-9. The chamber will be advertising the tours downstate and in Toledo and Fort Wayne, Indiana.

As an update on the progress of the new chamber building, the foundation is being laid and it will be ready for the young people in the Grayling High School Vocational class at the beginning of school this month.

An artist's design is in process of being prepared and a photograph will be submitted to the Avalanche in the near future.

The chamber membership thermometer in front of the City Building shows a total of 145 members with new ones coming in every day. Although the drive for members began slowly the business people are really getting behind the chamber now to allow us to promote the area as it should be done.

To date the chamber has committed to outdoor shows in Saginaw and Detroit. Plans now call for participation in Columbus and Ft. Wayne.

The fine turnout at the Ron Fraser Roast last week helped to finance what looks to be an excellent Winter Carnival. Fraser took the roasting in a good natured fashion and in turn raked the roasters over the coals.

A different twist on the roast this year were a member of humorous slides of Fraser shown behind his back as he ate.

The office is running very low on literature from individual businesses. It would be appreciated if members would check with the office to determine whether or not your material is still in stock.

We suspect that some members of the chamber have literature but have never deposited a quantity for distribution in this office, at Weaver's Gifts or at the Fish Hatchery.

Speaking of the hatchery, reports have it that they have passed the 30,000 mark in visitors this summer. For the first year in operation since the mid-60s the turnout is remarkable and establishes the facility as an outstanding tourist attraction for this area.

## THE POWER ABOVE

In the days when we took energy for granted those high-tension lines were an eyesore. Now as they sweep across our hills and valleys they somehow seem less intrusive.

Let the energy crunch remind you that there is another Source of power upon which life depends. God's concern for humanity did not cool after our creation. Virtually all the world's religions stress the belief that He continues to provide for our needs—spiritual and physical.

There is then no shortage of The Power Above. Our churches and synagogues strive to bring us and our families into close and continuing contact with it. Religious worship and the study of spiritual truth are as essential to the character of humanity as power lines are to our industries.

The First Baptist Church had Pastor Clara Olin as guest speaker and a very well enjoyed sermon. After service we all had very enjoyable fellowship luncheon. This week during Sunday School Service was promotion week, will have that information next week.

Mr. and Mrs. Walter Desnoyers and Eva Hulbert were in Southfield to visit his brother, Mr. and Mrs. Henry Desnoyers and niece, Mr. and Mrs. John Gavin, his sister, Mr. and Mrs. Stan Starez in Westland, nephew Tom Avey and Jean Beck of Ferndale and to his nephew, Mr. and Mrs. John Avey and family in Detroit. We also went to a shopping mall in Dearborn Heights, and some building it was, 3 floors but didn't seem high, the resting area was something to see and the area where they can have a fashion show, a play gym such for a school which would be nice to have here. We also saw a fashion show with boys and girls modeling school clothes, warm up outfits, coats and slacks and jeans from Hudson, Wards and other stores that handle clothes for children.

Brian and Judy Hulbert and children Eric, Travis and Kristi were to his brother, Jim and Brenda and family in Lake Odessa and then for Judy's family reunion in Lansing.

Donald L. Bartholomew & Illene J. Bartholomew, husband and wife, Plaintiffs,  
vs.  
Irene J. Burdeau, Defendant.

Case No. L&T-83-052  
AMENDED  
ORDER TO ANSWER  
At a session of said court held in the courthouse in the City of Grayling, County of Crawford, State of Michigan on the 24th day of August, 1983.

Present: Honorable Francis L. Walsh - District Court Judge.

On August 3, 1983, an action was filed by Donald L. Bartholomew and Illene J. Bartholomew, husband and wife, against Irene J. Burdeau, to forfeit said Defendant's rights under a certain land contract dated May 7, 1982, executed by and between the parties herein. Said lands are situated in Grayling Township, Crawford County, Michigan, are described as follows: Part of the NW 1/4 of the NE 1/4, Section 13, T26N, R4W, Grayling Township, Crawford County, Michigan.

IT IS HEREBY ORDERED that the Defendant, Irene J. Burdeau, shall answer or take such other action as may be permitted by law on or before the 4th day of October, 1983, at 2:00 p.m.

Failure to comply with this Order will result in a Judgment by Default against said Defendant for the relief demanded in the Complaint filed in this Court.

Said premises are described as follows:

Land in the Township of Grayling, Crawford County, Michigan, described as: That parcel of land commencing at a point where the center of M-93 as now surveyed and existing on the premises intersects the South line of the NW 1/4 of NE 1/4 of Section 13, Town 26 North, Range 4 West, Grayling Township, Crawford County, Michigan; thence 88 ft., NE 1/4 along said centerline of M-93; thence NW 1/4 by 388 ft. to a point 63.8 ft. due South of the NW corner of said NW 1/4 of the NE 1/4 of Section 13, thence South along said line 336.2 ft. to the South line of said NW 1/4 of NE 1/4, thence due East 200 ft. to POB, according to the State of Michigan, right of way for M-93 as now surveyed and existing.

## IMMUNIZATION

The Michigan Public Health Code requires that Kindergarten students and students new to a district must present proof of at least one dose of measles, mumps, rubella, tetann, pertussis, diptheria and polio vaccine to enter school. Kindergarten students will not be admitted until proof of immunization is shown and students new to the district must present proof through a transfer of records from another district or from their physician within one month after they enroll or they will be excluded from school until such proof is shown. The Public Health Department in the County Courthouse has waiver forms for those seeking waivers to this code for religious reasons.

## BUILDING USE BY OUTSIDE GROUPS

Persons or groups wishing to use school district facilities are to contact the principal of the building in which the facility is located. A building use request form will be provided and if the request is approved, a contract will be completed. It is the policy of the district to charge a fee for such use. Fees are based upon the cost of utilities, materials and personnel to the district and upon the type of group using the facility. Requests for building use must be filed at least 10 days prior to the date requested.

## THE EXCELLENCE REPORT

Much attention has been given to the report of the National Commission on Excellence in Education, "A Nation at Risk: The Imperative for Educational Reform". The Crawford AuSable School District has a commitment to excellence and continued improvement. The district is undertaking a thorough evaluation of the report as it relates to District programs. The National Commission recognized and addressed the vital responsibilities of parents and of students in the educational process with an open letter to parents and an open letter to students. They are reprinted below. It is sincerely hoped that all parents, students and members of the community will carefully review both letters.

### Open Letter To Parents

You know that you cannot confidently launch your children into today's world unless they are of strong character and well-educated in the use of language, science, and mathematics. They must possess a deep respect for intelligence, achievement, and learning, and the skills needed to use them; for setting goals; and for disciplined work. That respect must be accompanied by an intolerance for the shoddy and second-rate masquerading as "good enough."

You have the right to demand for your children the best our schools and colleges can provide. Your vigilance and your refusal to be satisfied with less than the best are the imperative first step. But your right to a proper education for your children carries a double responsibility. As surely as you are your child's first and most influential teacher, your child's ideas about education and its significance begin with you. You must be a living example of what you expect your children to honor and to emulate. Moreover, you bear a responsibility to participate actively in your child's education. You should encourage more diligent study and discourage satisfaction with mediocrity and the attitude that says "let it slide"; monitor your child's study; encourage good study habits; encourage your child to take more demanding rather than less demanding courses; nurture your child's curiosity, creativity, and confidence; and be an active participant in the work of the schools. Above all, exhibit a commitment to continued learning in your own life. Finally, help your children understand that excellence in education cannot be achieved without intellectual and moral integrity coupled with hard work and commitment. Children will look to their parents and teachers as models of such virtues.

### Open Letter To Students

You forfeit your chance for life at its fullest when you withhold your best effort in learning. When you give only the minimum to learning, you receive only the minimum in return. Even with your parents' best example and your teachers' best efforts, in the end it is your work that determines how much and how well you learn. When you work to your full capacity, you can hope to attain the knowledge and skills that will enable you to create your future and control your destiny. If you do not, you will have your future thrust upon you by others. Take hold of your life, apply your gifts and talents, work with dedication and self-discipline. Have high expectations for yourself and convert every challenge into an opportunity.

## TELEPHONE 348-7641

All school district telephones operate through a central switchboard in the Administrative Office. Therefore the same telephone number must be dialed regardless of the building or person you wish to reach. When you reach the central switchboard, your call will be transferred to the building or person you request. The central switchboard is open from 8:00 a.m. until 4:30 p.m. daily.
